Dt. 18.08.2020

To,

The Respected Principal  
Walchand Institute of Technology,  
Solapur, Dist. Solapur

**Subject : 'Baliraja' Appreciation letter ...**

Respected sir,

We are very happy to know that, your college students Mr. Mahesh Jokare and his team Mr. Rishikesh Kemshetti, Miss. Namrata Jindam, Miss. Shravani Sargam under the guidance of their mentor Prof. P. S. R. Patnaik, Assistant Prof. (Computer Science & Engg.) have worked on 'Baliraja - A crop recommendation and risk alerting system' which is really appreciable.

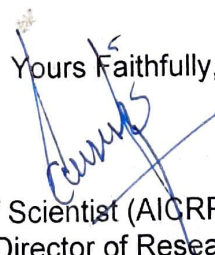

I hope this Project will definitely be helpful to Farmers in future and also will help in improving crop production with reducing the risk due to climate change but it needs to be tested and validated on farmers field by correlating with ground truth data.

I congratulate to the students for their valuable work.

With Best Wishes.

Thanking you.

Yours Faithfully,

  
Chief Scientist (AICRPDA) &  
Associate Director of Research (NARP),  
Zonal Agril. Research Station,  
Solapur
